	PAGE		PAGE
ABNORMAL venous system in <i>Necroturus</i>	391	Carpenter, F. W. Reactions of pomace fly to light, gravity, and mechanical stimulation	157
<i>Acanthias</i> and <i>Raia</i> , Muscles of	891	Catalpa, Anatomical changes incident to hybridization of	113
<i>Acmæa testudinalis</i> , Biology of	325	<i>Chatopterus pergamentaceus</i> , Commensals in tubes of	37
Affinities of the genus <i>Equisetum</i>	273	Clark, A. H. Habits of West Indian whitebait	335
Amber in eastern United States, Occurrence and origin of	137	Cockerell, T. D. A. <i>Diadasia</i> , a genus of bees	741
Anatomical changes in vascular cylinder of hybrid catalpas	113	— Halictine bees of America	89
Angiosperms, Embryo of	13	— Mexican scale-insects of genus <i>Aspidiotus</i>	45
Angle at which stems show strongest geotropic response	77	Coe, W. R. Synopses of North American invertebrates. XXI. The Nemerteans. Part I	425
Araneida, Synopsis of North American families and genera of . . .	293	Collection and preparation of zoological material	779
<i>Aspidiotus</i> , Mexican scale-insects of the genus	45	Commensals in tubes of <i>Chatopterus pergamentaceus</i>	37
BAKER, C. F. Fleas and disease	507	Contribution to our knowledge of myxinoids	625
Baker, F. C. Notes on genitalia of <i>Lymnæa</i>	665	Correspondence:	
Bangs, O., and Zappey, W. R. Birds of the Isle of Pines	179	Baker, C. F. Fleas and disease	507
Banks, N. Synopsis of North American invertebrates. XX. Families and genera of Araneida . . .	293	Dodge, C. W. Orton's Comparative zoology	57
Bees, Halictine, of America	89	Eastman, C. R. Etymology of common names of animals	269
Bees of the genus <i>Diadasia</i>	741	Henriksen, M. E. A biological station in Greenland	505
Berry, E. W. Fossil grasses and sedges	345	Crabs, Fossil, of the Gay Head Miocene	381
Biological station in Greenland	505	Crawley, H. Interrelationships of Sporozoa	607
Biology of <i>Acmæa testudinalis</i> Müller	325	Cricket, Habits of striped meadow	1
Birds of the Isle of Pines	179	Cushman, J. A. A new ostracod from Nantucket	791
Blagden, Sir Charles, earliest of Rhode Island ornithologists . . .	397		
Bones of the reptilian lower jaw	59		
CAMPBELL, D. H. Affinities of the genus <i>Equisetum</i>	273		

	PAGE		PAGE
— Developmental stages in the Lagenidae	537	Genitalia of Lymnaea	665
— Fossil crabs of the Gay Head Miocene	381	Geotropism of stems	77
— Klem on Palæechinoidea	754	Gilbert, N. C. Occurrence of <i>Echinostomum spinulosum</i>	925
— and Henderson, W. P. Fresh-water rhizopods from New Hampshire	147	Grasses and sedges, Fossil	345
		Greenland, A biological station in	505
DAVIS, B. M. Studies on the plant cell	217, 449, 555, 695	HABITS of striped meadow cricket	1
Davis, W. T. <i>Hyla andersonii</i> and <i>Rana virgatipes</i> in New Jersey	795	Habits of West Indian whitebait	335
Developmental stages in the Lagenidae	537	Halictine bees of America	89
Diadasia, a genus of bees	741	Hancock, J. L. Habits of striped meadow cricket	1
Diatoms, Movements of, and other microscopic plants	287	Haynes, J. A. Angle at which stems show strongest geotropic response	77
Disease, Fleas and	507	Heindel, R. L. Ecology of the willow cone gall	859
EASTERN America, Forest centers of	875	Henderson, W. P. See Cushman, J. A., and —.	
Eastman, C. R. Etymology of common names of animals	269	Henriksen, M. E. A biological station in Greenland	505
— Literature of Edestus	405	Hollick, A. Occurrence and origin of amber in eastern United States	137
<i>Echinostomum spinulosum</i> , Occurrence of	925	Howe, R. H., Jr. Sir Charles Blagden, earliest of Rhode Island ornithologists	397
Ecology of the willow cone gall	859	Hybridization of catalpa, Anatomical changes incident to	113
Edestus, Literature of	405	<i>Hyla andersonii</i> and <i>Rana virgatipes</i> in New Jersey	795
Embryo of the angiosperms	13	INJECTION of skate	365
Enders, H. E. Commensals in tubes of <i>Chaetopterus pergamentaceus</i>	37	Interrelationships of Sporozoa	607
Equisetum, Affinities of the genus	273	Isle of Pines, Birds of	179
Etymology of common names of animals	269	JACKSON, D. D. Movements of diatoms and other microscopic plants	287
FISH literature, Notes on recent	91	Jaw, Bones of reptilian lower	59
Fleas and disease	507	KINGSLEY, J. S. Bones of the reptilian lower jaw	59
Forest centers of eastern America	875	Klem on Palæechinoidea	754
Fossil crabs of the Gay Head Miocene	381	LAGENIDÆ, Developmental stages in	537
Fossil grasses and sedges	345	Larva and spat of Canadian oyster	41
Fresh-water rhizopods from White Mountains of New Hampshire	147	Lateral vein of skate, Posterior connections of	349
GALL, Ecology of the willow cone	859	Literature of Edestus	405
Gay Head Miocene, Fossil crabs of	381		

INDEX.

V

	PAGE		PAGE
Loomis, F. B. Momentum in variation	839	Notes on genitalia of Lymnæa	665
Lull, R. S. Restoration of the titanotheres Megacerops	419	Notes on recent fish literature	91
Lymnæa, Genitalia of	665	North American Araneida, Synopsis of families and genera of	293
Lyon, H. L. Embryo of the angiosperms	13	North American Nemerteans, Synopsis of	425
MANDIBULAR and pharyngeal muscles of Acanthias and Raia	891	OCCURRENCE and origin of amber in eastern United States	137
Marion, G. E. Mandibular and pharyngeal muscles of Acanthias and Raia	891	Occurrence of <i>Echinostomum spinulosum</i>	925
Material for classes in zoölogy, Collection of	779	<i>Ecanthus fasciatus</i> , Habits of	1
Megacerops, Restoration of	419	Ortmann, A. E. Zoögeographical relations of South America	413
Mexican scale-insects of the genus Aspidiotus	45	Ostracod, A new, from Nantucket	791
Miocene, Fossil crabs of Gay Head	381	Oyster, Larva and spat of Canadian	41
Momentum in variation	839	PALÆECHINOIDEA, Klem on	754
Movements of diatoms and other microscopic plants	287	Parthenogenesis, Natural and artificial	65
Muscles of Acanthias and Raia	891	Pearl, R. Variation in ray flowers of Rudbeckia	87
Myxinoids, Contribution to our knowledge of	625	Peculiar variation of <i>Terebratalia transversa</i>	691
NATURAL and artificial parthenogenesis	65	Penhallow, D. P. A systematic study of the Salicaceæ	509, 797
Necturus, Abnormal venous system in	391	— Anatomical changes in vascular cylinder of hybrid catalpas	113
Nemerteans, Synopsis of North American	425	Petrunkévitch, A. Natural and artificial parthenogenesis	65
New Hampshire, Fresh-water rhizopods from White Mountains of	147	Plant cell, Studies on 217, 449, 555, 695	
New ostracod from Nantucket	791	Pomace fly, Reactions of, to light, gravity, and mechanical stimulation	157
Notes and Literature :		Posterior connections of lateral vein of the skate	349
Anthropology	758	Publications received	771
Anthropology, Notes	760	RAIA and Acanthias, Muscles of 891	
Botany 174, 681, 762, 850		<i>Rana virgatipes</i> and <i>Hyla anderssonii</i> in New Jersey	795
Botany, The Journals, 109, 686, 858, 929		Rand, H. W. The skate for classes in comparative anatomy; injection methods	365
Botany, Notes, 102, 681, 764, 852		— and Ulrich, J. L. Posterior connections of lateral vein of the skate	349
General Biology 173, 747		Reactions of pomace fly to light, gravity, and mechanical stimulation	157
Geology 765			
Geology, Notes 767			
Nature Study 601			
Zoölogy, 339, 411, 501, 602, 751, 845			
Zoölogy, Notes 416, 504, 754
